Grrrrrr ! I am so pissed !

I don't have a brain?! Get out of her way?!

How is she better than me anyway other than having better grades ?! Hmph !

I bet I could beat her in grades if I wanted ...

I... do not think so ...

Damn...

Um, Bom...

If you don't mind, we could study together.

You could at least improve grades for the next exam. I could help you out if you have questions.

What do you say?

Should I bring any snacks?

As long as you don't make it, anything will be fine.

I should have studied a little...

Damn it. That was a good chance to be with her in private.

I can't help her because I don't know anything...

Sad life...

Wait ...

I don't know anything ... ?

Oh, yeah ! That's it !

I am sure the emergency contact list has it...

Huh ?!

하계 방학 비상 연락

Let me see... Well, this is ...

Oh, I see...

Why are you studying here?

Haha, I realized I am stupid as well !

Han-Gyul, focus. I am not done yet.

I figured I might as well get some help along the way.

You didn't call anyone else..., did you ?

I called Nara also! Her grades are pretty good! Ga-Ul can't know everything!

She took the offer gladly !

I knew it...

How did you know my phone number?

The emergency contact list had it!

Why can't grades be decided in basketball matches ?

Your presence will be a blessing to me...

Mind if I just leave? I don't fear curses.

Since I am cursed already anyway...
